

DIRECT CHARGE AUTHORITY

This form may be used in conjunction with regular premium policies and supersedes any previous instructions held.

IMPORTANT NOTES

- 1) When your current card expires or is replaced, please notify us of the new expiry date.
- 2) If your current card has expired or been replaced and subsequently has a new card number, you will need to complete a new Direct Charge Authority.
- 3) We will add an additional charge to the premium amount to cover bank charges. Please ask your independent financial adviser for details of these additional charges.
- 4) Please note that for existing policies we will claim the payment from your card up to six days before the premium due date (based upon your policy anniversary date). For new applications the premium due date will be automatically advanced six days from the date inserted below to allow sufficient time for the premium to be collected.
- 5) If you amend your premium, a new Direct Charge Authority form will need to be completed and returned to us.
- 6) If a payment is declined, we will automatically inform you by letter, and request a duplicate payment the following month, along with any other premium that may be due (no more than two premiums will be collected each month until premiums are up to date).
- 7) Please note, some credit cards cannot be used outside their country of issue, and therefore we strongly recommend that you contact your card issuer to ensure your card can be used in this instance.
